Arent to Exhibit and Speak at BIM World MUNICH 2026 in Germany

---

Arent Inc. (Headquarters: Minato-ku, Tokyo; President and CEO: Hiroki Kamobayashi; TSE Growth Market: 5254) is pleased to announce that its overseas subsidiary, Arent Software S.A., based in Madrid, Spain, will exhibit at BIM World MUNICH 2026, taking place on November 24–25, 2026, at the ICM – International Congress Center Messe München in Munich, Germany.

In addition, Istvan Radnoty, Business Development Manager at Arent Software S.A., will deliver a presentation during a breakout session

1. Background and Objectives

Guided by its mission to "Democratize Tacit Knowledge," Arent is committed to accelerating digital transformation in the construction industry.

PlantStream®, the Arent Group's AI-powered 3D CAD software for plant design, has been adopted by more than 30 engineering companies and plant owners in Japan and overseas.

To meet growing global demand, Arent has established Arent Solutions Inc. in Houston, United States, and Arent Software S.A. in Madrid, Spain, to strengthen its presence and expand its operations in the Americas. and European markets.

BIM World MUNICH 2026 will mark Arent Software S.A.'s fourth participation in a European industry event this year, following BIM World Paris 2026 in April, EUBIM 2026 in May, and Digital Construction Week in June.

At BIM World MUNICH 2026, an international event focused on digital transformation in the construction, real estate, and facility management industries, Arent aims to showcase its BIM automation technologies and AI-powered digital solutions to European audiences while building new business relationships and expanding its presence in the region.

2. Exhibition Booth

At its booth, Arent will showcase the Group's initiatives in BIM automation and AI, along with demonstrations of its software solutions, including:

- **PlantStream®** – AI-powered 3D CAD software for plant design
- **PROCOLLA** – AI-powered, cloud-based construction schedule management software
- **Lightning BIM AI Agent** – An AI agent for Autodesk Revit
- **Lightning BIM Auto-Reinforcement** – An automated rebar modeling tool for Autodesk Revit

Visitors will have the opportunity to explore how these solutions automate design processes, streamline workflows, and improve productivity in the construction and plant engineering industries.

Booth Details

- **Booth Number:** 39 (Foyer, Ground Floor)
- **Exhibition Focus:** BIM automation, plant design automation, AI, and digital transformation solutions
- **Exhibitor Directory:** https://www.bim-world.de/exhibition/exhibitors

3. Breakout Session

Session Details

- **Date:** Wednesday, November 25, 2026
- **Time:** 12:15–12:40 (CET), including Q&A
- **Venue:** Breakout Session 2
- **Title:** Discover How BIM Automation and AI Are Driving Digital Transformation

Overview

This session will explore practical approaches to accelerating digital transformation through BIM automation and AI.

It will address common challenges companies face when adopting BIM and AI, presenting practical ways to overcome them.

Using real-world examples of automated BIM data entry and utilization, as well as applications of generative AI, the session will offer insights into improving operational efficiency, optimizing workflows, and enhancing overall project processes.

Speaker Profile

Istvan Radnoty
Business Development Manager, Arent Software S.A.

Prior to joining Arent, Istvan Radnoty spent over 20 years at a leading Japanese IT company, specializing in B2B sales to global manufacturing companies in Japan and Germany.

Currently serving as Business Development Manager for PlantStream, he leads business development and sales activities primarily across Europe and the Middle East. Drawing on his extensive international sales experience, he plays a key role in driving PlantStream's global expansion.

4. Complimentary Visitor Registration

Visitors can register for free admission to the exhibition area, Breakout Sessions, and BIM Town – Innovation Area using Arent's invitation code. This offer is limited to the first 100 registrants.

Invitation Code: BIM26_Arent

How to Register:

1. Visit the official ticket website: https://store.bim-world.de/
2. Enter the code **BIM26_Arent** in the "Do you have a code?" field.
3. Select a ticket in the "Ticket Exhibition" category.
4. Follow the on-screen instructions to complete your registration.

Arent looks forward to welcoming visitors to its booth and presentation.

5. About BIM World MUNICH 2026

- **Event:** BIM World MUNICH 2026
- **Dates:** November 24–25, 2026
- **Venue:** ICM – International Congress Center Messe München, Munich, Germany
- **Organizer:** RM Rudolf Müller Events GmbH
- **Official Website:** https://www.bim-world.de/

BIM World MUNICH is an international event dedicated to digital transformation in the construction, real estate, and facility management industries.

Celebrating its 10th edition in 2026, the event brings together industry professionals, technology providers, and innovators through an international congress, an exhibition, and a dedicated innovation area for startups.

6. About Arent Inc.

Arent Inc. is a technology company dedicated to accelerating digital transformation in the construction and plant engineering industries, guided by its mission to "Democratize Tacit Knowledge."

The company operates two business segments: the DX Business, which develops digital transformation solutions in collaboration with client companies, and the Product Business, which develops and provides its own SaaS and software products.

Its products include the Lightning BIM series of Revit plugins, designed to make BIM easier to use, and PlantStream, an AI-powered 3D CAD solution for automated plant piping design, jointly developed with Chiyoda Corporation.

Arent is also expanding the Group through mergers and acquisitions, working to address structural challenges in the construction and plant engineering industries.

Company Information

- **Company Name:** Arent Inc.
- **Headquarters:** 3F, KDX Hamamatsucho Building, 2-7-19 Hamamatsucho, Minato-ku, Tokyo, Japan
- **Representative:** Hiroki Kamobayashi, President and CEO
- **Established:** July 2, 2012
- **Capital:** JPY 1,286 million
